EHS-CAP 10/07

The Erlanger Health System, headquartered in Chattanooga, Tennessee, is comprised of five campuses serving residents living within a 150-mile radius of Chattanooga, primarily in Tennessee, Georgia, and Alabama.

ERLANGER BARONESS CAMPUS

The Erlanger Baroness Campus, at 975 East 3rd St., in Chattanooga, is the largest of Erlanger's five campuses and considered the regional hub. This is the site of the original Baroness Erlanger Hospital, founded in 1891.

- > Level 1 Trauma Center for adults, providing the region's highest level of trauma care
- > Academic teaching affiliation with the University of Tennessee College of Medicine, Chattanooga Unit, offering eight residency and two fellowship programs
- > LIFE FORCE air ambulance program, equipped with three Bell helicopters, a critical care ground ambulance service and regional EMS communications center (second aircraft based in Sparta, Tenn., third in Calhoun, Ga.)
- > Region's only Burn and Neuro-Ortho ICUs, as well as Shock-Trauma ICU, Medical/Surgical ICU, Cardiac Surgery ICU, CCU
- > 24/7 Surgery Center including robotic surgery
- > Erlanger Stroke Center, an internationally recognized research center offering cutting edge treatment options
- > Region's first and highest level accredited Chest Pain Center. Cardiac and Vascular Center also includes Cardiac Management Unit, Cath Lab and Hypertension Management Center
- > Wound treatment program, with three hyperbaric chambers
- > Miller Eye Center, largest treatment facility of its type in Tennessee, with corneal transplant capabilities
- > Region's only Kidney Transplant Program, now offering less invasive laparoscopic kidney removal
- > Region's only Tertiary Level III Care Center for high-risk obstetrics, as well as Labor and Delivery services for low-

- risk pregnancies, with single-room maternity suites
- > Erlanger Cancer Center, offering an extensive clinical research program and the most advanced technology in radiation therapy and other treatment modalities
- > Outpatient Oncology Infusion Center, offering a variety of cancer treatment procedures such as chemotherapy, thoracentesis and paracentesis
- > Medical Mall with convenient outpatient testing, imaging, mammography (digital mammography available in late 2007), pre-admission services, physician offices, Starbucks Café, full-service bank, automated teller machines, cafeteria, florist and uniform shop, Moore & King Pharmacy, Breast Cancer Resource Center, shuttle cart transportation to and from parking garage, valet parking
- > On-site amenities include region's most extensive medical library, U.S. Post Office branch, gift shop, Blood Assurance blood donor site, chapel
- > Hospitalist program with General Internists delivering full-time inpatient care
- > Affiliated with the UT Family Practice Center at 1100 East Third Street near the Baroness Campus
- > Home of the Chattanooga Association for Pastoral Care, a clinical training program for area ministers and laypersons
- > Open MRI complements traditional MRI capabilities
- > Plaza Surgery, offering a variety of outpatient services, including orthopedic procedures, hand surgeries, GI procedures and colonoscopies

T.C. THOMPSON CHILDREN'S HOSPITAL AT ERLANGER

Located adjacent to the Erlanger Baroness Campus, at 910 Blackford Street, T.C. Thompson Children's Hospital at Erlanger is a Comprehensive Regional Pediatric Center (CRPC), the highest designation in the state for pediatric care.

- > Region's only pediatric emergency center and trauma team, including pediatric surgeons, orthopedists, cardiologists, neurologists, radiologists and other pediatric sub-specialists
- > Region's only Pediatric Intensive Care Unit
- > Region's only Level III Neonatal Intensive Care Unit, providing the highest level of care to premature and sick infants
- > Region's only Pediatric Surgery Center, staffed with pediatric surgeons, anesthesiologists and nursing personnel, offering nearly 500 pediatric surgical procedures
- > Region's only Comprehensive Pediatric Cancer and Blood Disorders Center, affiliated with The Children's Oncology Group, a national research organization with access to latest treatment options for children with cancer
- > Affiliated with the Children's Hospital Alliance of Tennessee (CHAT) and National Association of Children's Hospitals and Related Institutions (NACHRI)

- > Region's only pediatric laboratory with equipment scaled to match size of the patient
- > Children's Therapy Services including physical, occupational and speech therapies and audiology
- > Child Life Program offering planned and free-form activities to help decrease stress and anxiety for children during their hospital stay
- > Safe and Sound injury prevention program for school-aged children and younger
- > Ronald McDonald Family Room which allows parents a place to shower/rest without having to leave the hospital and the nearby Ronald McDonald House providing a home away from home for families of sick children
- > Ronald McDonald Care Mobile, mobile dentistry service providing dental care to children in Chattanooga and surrounding area
- > Region's only neonatal/pediatric ground ambulance which transports sick newborns and children from other medical facilities
