LUNG CANCER SCREENING PROGRAM

DO YOU QUALIFY?

- Age: 50 to 80 years old (50 to 77 for Medicare)
- A current smoker or have quit smoking within the past 15 years
- Have at least a 20 pack-year smoking history (at least one pack per day for 20 years or two packs per day for 10 years)
- Have no new symptoms that could be related to lung cancer
- Healthy enough to tolerate curative intent treatment for early-stage lung cancer and have not had a chest CT in the last 12 months

SYMPTOMS

Blood when you cough or spit

Recurring respiratory infections

Enduring cough that is new or different

Ache or pain in shoulder, back, or chest

Trouble breathing

Hoarseness or wheezing

Exhaustion, weakness, or loss of appetite

Schedule an appointment with your doctor if you experience any of the above symptoms.
